Benefits Guide

**Participant, spouse, and all dependents
eligible for plan savings.**

- There is **NO monthly premium** cost to you for this plan.
- Individual Exam Benefit: **20% off** per year
Family Exam Benefit: **25% off** per year per family member (children under age 18)
- All covered parties receive a **20% savings** off exam and procedure fees, including annual eye health exams AND medical eye treatments/procedure fees, plus **10% off** on non-specialty contact lens fitting. (Note that our doctors are also providers for most major-medical insurance plans. Our staff searches for existing benefits you may already have through your medical insurance and will file claims for you at no additional cost if that is more beneficial and cost-effective for you. Only one plan may be used. Please, note that this savings does NOT apply to medical devices such as punctal plugs, or specialty treatments such as dry eye or aesthetics).
- Participants receive a **25% savings** off all glasses orders from our optical, including frames, all lens options, and even non-prescription sunglasses. Unlike other vision plans, there is no restriction to the number of pairs of glasses this savings can be applied to. (Please note that due to vendor contracts, Maui Jim sunglasses have unilateral pricing structures that prohibit us from including these products in this savings plan.)
- **Free one-year warranty** for all optical purchases including frames and lenses.
- **Free 3-month guarantee** on your glasses prescription. If your vision changes, or something is not quite right on your new glasses prescription, we will re-check your vision and remake your glasses with like-kind material FOR FREE for up to 3 months.
- Participants receive a variable savings off contact lens annual supply purchases. (There are a few contact lens products that are not included in this savings plan due to vendor-controlled unilateral pricing structures, as well).
- **Free shipping** of contact lens annual supply purchases to your home address.
- Please note that this plan in no way restricts your options to visit other providers, nor does it nullify other vision plans that your family participates in. It simply gives you another option for your family's eye care and saves you money along the way!

FEC VisionVantage benefits cannot be combined with other discounts or promotions.
